

To our Dignity Defender Community,

Since our founding, we have strived to be an organization that utilizes grassroots efforts to inspire, empower, and organize San Diego communities to advance the basic dignity of those living on the streets. Most importantly, we have continued to stand with marginalized populations, fought for justice, and demanded that **everyone, regardless of their backgrounds, is treated with dignity.**

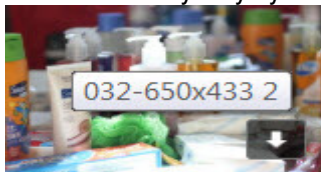

Recently, many individuals have traveled thousands of miles to flee political persecution, death threats and increasing violence in their home countries. As they are waiting to petition for asylum at the U.S.-Mexico Border, many of them are now living in shelters that do not have the capacity to support their basic needs.

Our community partners across the border have identified the **dire need of hygiene products** for these individuals. We wholeheartedly believe that our core values of providing compassion and dignity can transcend borders, so we are calling on all of our Dignity Defenders to help us in our "Dignity Without Borders" campaign.

Our goal is to collect at least 500 of each travel-size hygiene item by January 1st:
